

SICURACQUA

SAFETY CLOSURE SYSTEM

FOLLOW US: 

Posizionando la doccetta nel supporto della presa, l'acqua è chiusa.

When the handshower is in the shower holder the water is closed.

Estrarre la doccetta e ruotare il supporto come un normale rubinetto.

Take off the handshower and turn the shower holder as a normal tap.

ACQUA APERTA
WATER OPEN

In questa posizione l'acqua viene aperta e pertanto si può utilizzare la doccetta pulsante.

In this position the water is open and you can use the handshower.

ACQUA CHIUSA
WATER CLOSE

Per chiudere l'acqua girare in senso orario il supporto e riporre la doccetta.

Rotate clockwise support shower to turn off the water, and reposition the hand shower.

Grazie al nostro sistema SICURACQUA non dimenticherete di chiudere l'acqua

You will not forget to turn off the water with our SICURACQUA system.

Le nostre prese SICURACQUA sono nate per salvaguardare la vita dei flessibili doccia, non adatti a rimanere in pressione.

Our Safety Closure water supply is born to safeguard the shower hose life they are not right remain in pressure.
